Sound Elimination Mufflers

Whether it's recreational or professional boating, sound emission levels affects everyone. CMI mufflers and exhaust tips help reduce noise levels with little to no horsepower loss!

State of the art Sound Elimination Mufflers diminish decibel levels below the strictest regulations, as low as 86 decibels (dB). These mufflers were engineered to reduce volume without creating any backpressure to rob the engine's horsepower.

- › Clamp-on or transom mount
- › All stainless steel construction with a polished finish
- › Easy installation on any system from 4 - 5 in. in diameter
- › Can be used with supercharged engines up to 1075 HP

Clamp-On 4-5" Part# 39110

Clamp-On 4.5-5" Part# 39112

Clamp-On 4.5-6" Part# 39113

Clamp-On 5-6" Part# 39114

Thru-Transom Mount 4-6" Part# 39111
