

# **NEW** SMALL BLOCK HEADERS

**BEFORE**

- Highly restrictive exhaust
- Heavy cast iron
- Stock power

**AFTER**

- Performance gains in **horsepower and torque**
- Light weight **316L stainless steel**
- **Easy installation** that fits directly in the existing location of your stock manifold
- **No ECM modification** necessary
- **No bracket** or oil line to relocate

A true Small Block direct replacement header for your heavy cast iron stock manifold. Lighter weight, better performing and reasonability priced. These headers have a true 1.375 I.D. primary runner and will fit directly in the existing location of your stock manifold. Taller versions offered as well! These headers are available in a Satin or Polished finish.

Satin Finish Part Number 13156

Polished Finish Part Number 13157

**Choose Ultimate Performance and Quality - Choose CMI!**
